Ref: Southfields resurfacing

Residents and Business Occupiers

Dear Resident / Business Occupier,

Date: 12 July 2022

Carriageway Resurfacing – Southfields

As the current phase of Public Realm Improvements in Southfields nears its completion, we will now resurface the carriageway. The works are programmed to commence on 25 July 2022 and are expected to take 8 nights to complete, weather permitting. No works will be carried out at the weekend.

In order to keep traffic disruption including bus services in the area to a minimum, and as required by Transport for London (TfL), it is necessary to carry out the works at night only. Works will generally take place between the hours of 20:00hrs and 05:00hrs. The contractor has been instructed to cease all noisy excavation works before 23:00hrs.

During the works, the roads listed below will be closed.

Road	Road closure dates
Wimbledon Park Road between its junctions with Gartmoor Gardens and Augustus Road	25 and 26 July
Wimbledon Park Road between its junctions with Crowthorne Close and Augustus Road	27 and 28 July
Replingham Road between its junctions with Wimbledon Park Road and Clonmore Street	29 July and 1 August
Augustus Road between its junctions with Wimbledon Park Road and Sutherland Grove	2 and 3 August

Also, it will be necessary to close the side roads adjacent to the resurfacing however local access will be maintained and parking suspensions will be in place to enable turn around areas.

Advance notice will be placed on site prior to the closure and diversion routes will be signposted when the roads are closed. Bus service for Routes 39, 493 and 639 will be diverted during the works, please see TfL notices at the bus stops for details.

If you have any comments or concerns please contact us at the above email address.

We apologise in advance for any inconvenience that these essential works cause residents and businesses.

We shall endeavour to keep noise disruption to a minimum. We also aim to complete the works quickly so that the newly improved roads can be reopened for everyone's benefit.

Thank you for bearing with us.

Yours faithfully,

Henry Cheung - Head of Engineering
